	It was noted that courses like Elements of Microeconomics fall under the Economics Board of Studies, Legal Aspects of Banking and Insurance under the Law Board, Basics of Statistical Techniques under Maths & Statistics Board and IT in Banking & Insurance under the IT Board, and Effective Communication under the Department of English & Indian Languages Board. However, since these subjects are part of the Banking and Insurance curriculum, they were brought forward for discussion within the Banking and Insurance Board of Studies. All these courses were thoroughly discussed and reviewed by the Board, and will be formally ratified by the respective Board subject experts. A discussion was initiated whether course code or nomenclature must be changed in case of a modification in the content of the course. It was suggested by the Board that course code must remain same despite of change in the course content. Care must be taken to highlight the academic year from which the revised syllabus will be implemented. It was unanimously agreed to take into consideration the suggestions given by all the members and the same shall be incorporated; subject to the implementation guidelines issued by the Maharashtra State Government and adopted by the University of Mumbai from time to time.
