be considered as a part of the OJT structure.

viii. Students will have to maintain & submit all documents required by the college under OJT.

- It was also brought to the notice of the Board that the college had signed an MoU with SHARP agency for providing OJT/Internship opportunities for the PG/UG students.
- It was suggested by few members to check the feasibility of combining Field Project of Sem V (60 hours) and OJT of Sem VI (120 hours) together though the evaluation for the same to be considered separately. This combined approach would provide students with extended industry exposure, while organizations would benefit from having interns for a longer duration, making it more viable for them to onboard and train students effectively.
- The members suggested to keep the credits open (For 7 years under NEP) till the student clears his/her graduation. Further, viva-voce to be conducted for such students when the student becomes eligible for Sem VI.
