Agenda of the Meeting:

1. To read and approve the minutes of the 9th BOS Meeting held on 13th September, 2025.
2. To approve and update the change in syllabus.
3. Any other matter with the permission of the Chair.

Minutes:

1. Welcome address

- The meeting commenced with SCT Coordinator Dr. Reena Nagda welcoming the BOS members and I/C Principal Dr. Shivaji Pawar delivering the welcome address.

2. Confirmation of previous minutes

- Dr. Vaishnavi Assar read the minutes of the previous meeting held on 13th September 2025. Same were reviewed and confirmed unanimously by the board members.

3. Approve and update the change in syllabus

- Dr. Vaishnavi Assar presented the syllabus for SY B.Sc. Data Science – Data Mining course. Mr. Rohit Dhilor sought clarification regarding the updation, and Dr. Vaishnavi Assar explained that the syllabus has been restructured. Mr. Rohit Dhilor further enquired whether the revised practical syllabus was aligned with the theory syllabus, to which Dr. Vaishnavi Assar confirmed that it was aligned. The Board members approved the proposed changes.
- Dr. Sandhya Pandey presented the syllabus for SY B.Sc. Data Science – Data Warehousing course. The entire practical list was revised. Mr. Rohit Dhilor sought clarification regarding the extensive changes. Dr. Sandhya Pandey explained that the earlier practical's were conducted using the Azure platform under the community edition; however, it now requires a subscription and the free credits are exhausted within two to three practical sessions. Therefore, Databricks was proposed for conducting the practical. Mr. Rohit Dhilor suggested avoiding the mention of a specific platform and instead including a generalized statement indicating that any suitable platform may be used. The committee accepted the proposal. The Board members approved the proposed changes.
- Dr. Sandhya Pandey presented the syllabus for SY B.Sc. Computer Applications – PHP course. A repetition of a program was identified in the original practical list and has been replaced with a new program. The Board members approved the proposed changes.
- Dr. Sandhya Pandey presented the syllabus for TY B.Sc. Information Technology – DevOps course. One practical was removed as it is not available in the community edition and requires a subscription. A larger practical was split into two separate practicals to compensate for the deleted one. The Board members approved the proposed changes.
- Dr. Reena Nagda emphasized that specifying particular programs in the practical syllabus tends to limit coverage to only those listed items. She further recommended framing practicals based on the underlying concepts, enabling broader scope and flexibility to include a wider range of exercises as may be feasibly covered. The Board members agreed to the proposed changes wherever applicable.

4. Any other matter with the permission of the Chair

- Dr. Reena Nagda informed that the Fourth Year B.Sc. IT programme has been permitted and aligned with M.Sc. IT Part I. However, the department is awaiting further instructions from the University for its commencement.
- The college introduced the Bachelor of Computer Applications programme in the academic year 2023–24, which was subsequently renamed as B.Sc. Computer Applications in 2024–25. Certain students who had a drop in SY during 2025–26 will be eligible for admission in 2026–27. A request letter will be sent to the University informing them about these students and the change in programme name from TY BCA
