Department of Computer Science

Minutes of the Meeting of the Board of Studies

Date: 9th October 2021

The meeting of Board of Studies of the Department of Computer Science, Mulund College of Commerce Autonomous, was held on 9th October 2021 at 2pm. Chairperson Ms. Reena Nagda, welcomed all the members of the Board of Studies, which included the Subject Experts, Vice Chancellor's nominee and Industry experts. Principal, Dr. Sonali Pednekar addressed the meeting by briefing about the college and also about the Parent Institution. Soon after, Ms. Shylashree Dev introduced the Experts as well as the members of the Board of Studies with their brief profile.

Following members were present

1. Subject Experts
 - a. Dr. G.B.Hema Latha
 - b. Dr. Ganesh Magar
2. Vice Chancellor's Nominee
 - a. Dr. Rajendra Patil
3. Industry representative
 - a. Mr. Neeraj Chaudhari
4. Alumnus
 - a. Mr. Ashish Kadam
5. Chairperson
 - a. Ms. Reena Nagda
6. Members
 - a. Ms. Vaishnavi Assar
 - b. Ms. Shylashree Dev
 - c. Ms. Pooja Patil
 - d. Ms. Bhumika Nakum
 - e. Ms. Pratiksha Harwalkar

AGENDA OF THE MEETING

1. To discuss and approve the Credit-Based syllabus for B.Sc. Computer Science Semester I and II.

Chairperson Ms. Reena Nagda presented the Programme structure and the comparison between University and Proposed syllabus of Semester I & II. The subject "Database System" is replaced by "Linux Operating System" in Semester I and "Database System" is replaced by "Database Management System" in Semester II and the subject "Linux" will be merged with "Open Source Technologies" & "Operating Systems" in further semester, and this change was accepted by the BOS members.

All the faculties of the department, presented their respective subjects and there were some suggestions from the experts as follows:

1) Digital Systems and Architectures

- Mr. Neeraj Chaudhari, suggested to add Cloud Architecture to make the students understand the current technology of Architecture along with the previous one.
- The suggestion was accepted and appreciated by the subject faculty Ms. Shylashree Dev and implemented the topic "Introduction to Cloud Architecture" in III unit.

2) Programming with Python

- Subject Faculty Ms. Vaishnavi Assar presented the topic and there were no suggestions and syllabus got accepted by all.

3) Open Source Technologies

- Mr. Neeraj Chaudhari, recommended to add some topics related to Data security aspects, CICT, Core quality products, Robotics Process Automation, Microsoft Power Platform and UI Path. Also, Sir recommended using GitHub accounts for all the 3 years to keep their projects and to make use of some offers on GitHub as well. Suggestion related to GitHub will be surely implemented for students ease. Remaining suggestions were difficult to implement at First year level as they are not technically strong to understand these concepts.
- Dr. Ganesh Magar, recommended to keep Moodle Workshop instead of including the topic in Unit III. As per the suggestion, it was decided to conduct Moodle workshop in upcoming semester.
- A new topic "Introduction to Linux" was added in Unit III after discussing with Board Members.

4) Database Systems

- Mr. Ganesh Magar suggested to introduce Unstructured Database along with Structured Database, as the real time data is more of unstructured.
- After the discussion with members of BOS, it was concluded that the students are learning this course at beginner's level, and only structured database can be covered in this semester.

5) Discrete Mathematics

- There was a discussion on whether to add the topic Graph Algorithms in the current syllabus, but all agreed to keep the topic in further semesters in relevant course, since the current content is enough for the number of lectures allotted for that unit.

6) Descriptive Statistics

- As per the proposed syllabus by Ms. Pooja Patil, the topic Collection and classification of Data has accepted by the experts and suggested to emphasise more on depth of the subject as it directs students towards the application aspects.

E-mail : mcmulund@gmail.com • Website : www.mcmulund.ac.in

- Suggestion of depth subject knowledge was accepted and will try to implement it in upcoming semester.

7) Soft Skills

- Mr. Neeraj Chaudhari, suggested to add the subtopic on Building and nurturing inter-team relationship. It was discussed further that it could be added under the topic of Leadership and team building.
- The suggestion was accepted and given subtopic is added.

8) Design and Analysis of Algorithms

- Dr. Ganesh Magar, emphasized on adding Non-Linear Data Structures along with Linear Data Structure.
- Since introduction to Graphs and trees is already included in Discrete Mathematics it was decided to include related algorithms in the relevant course in further semester.

9) Advanced Python Programming

- Mr. Ganesh Magar suggested to keep database connectivity through Firebase. As per the discussion with members of BOS, since students are learning SQL database in another course of the same semester, it would be easier for them to understand the concept through SQL database.
- Mr. Neeraj Chaudhry recommended to encourage students for Hackathon, the suggestion was accepted, and faculty members will encourage students for the same.

10) Introduction to OOPS using C++

- There was a discussion on whether to keep the UML topic or not, finally it was concluded to keep the topic UML and also suggestions were given to keep the recent edition of reference books to the max, 4 to 5 years back editions.
- As per the suggestion recent editions of the reference books are added in syllabus.

11) Database Management System

- Dr. Rajendra Patil suggested to give real time examples in the practical course, Subject Faculty Ms. Pooja Patil mentioned that real time examples are already covered during the practicals.
- Mr. Ganesh Magar suggested to keep SQL only in practical instead of theory. As per the discussion with the members of BOS, keeping SQL only in practical may go difficult for students, so took a decision of continuing with the same.

12) Calculus

- Subject Faculty Ms. Reena Nagda presented the topic and there were no suggestions and syllabus got accepted by all.

13) Statistical Methods

- Subject Faculty Ms. Pooja Patil presented the topic and there were no suggestions and syllabus got accepted by all.

14) E-Commerce & Digital Marketing

-

- Subject Faculty Ms. Pratiksha Harwalkar, presented the topic and there were no suggestions and syllabus got accepted by all.

General Suggestions:

- There are some general suggestions of adding few topics like Cyber Security, UX, Agile in the upcoming semesters as per the requirement of the Industry and also to take the appropriate decision by looking at students capability.
2. **To discuss and approve the eligibility criteria and intake capacity for the course.**
Chairperson Ms. Reena Nagda discussed the eligibility criteria and intake capacity for the course, all the experts accepted to keep the eligibility criteria (Circular No. No.UG./284 of 2007, Dated 16th June, 2007) and intake capacity as sanctioned by the University. Dr. Ganesh Magar, clarified with the chairperson about the Diploma Engineering students getting lateral entry in the programme. The chairperson Ms. Reena Nagda, gave the confirmation that they do get the lateral entry as per the norms of the University.
 3. **To discuss and approve the credits and unit/module-wise number of lectures allocated to the course in semester I and II.**
Chairperson Ms. Reena Nagda presented the structure of credits and unit/module-wise number of lectures allocated to the course as per university in semester I and II, there was no suggestion and got accepted by all.
 4. **To discuss and approve the exam pattern and question paper format for the Internal and the Semester End Exam for Semester I and II so as to have continuous internal assessment.**
Chairperson Ms. Reena Nagda discussed the 60-40 exam pattern, scheme of continuous internal evaluation, practical exam and paper pattern for Semester End Exam and it is approved by all the members.
 5. **To discuss and approve the appointment of moderators and examiners for each course.**
Chairperson Ms. Reena Nagda discussed the appointment of moderators and examiners for each course, she suggested teacher appointed by the college to teach the course will be the examiner for the course. Any teacher, teaching same or related course in any other recognized college or University with minimum 5 years of experience can be appointed as moderator and this was accepted by the BOS members.
 6. **To discuss and approve the proposed certificate courses to be introduced by the department and approve the syllabi, duration and fees for the same.**
The syllabus, duration and fees for the following courses was discussed and approved by all the members.
 - Certificate Course in Graphics and Animation (Semester II)
 - Certificate Course in Python for Data Science (Semester III)Dr. Ganesh Magar suggested collaborating with well-known organizations like IBM, Microsoft etc for additional credit courses, since it will add more weightage for the certificates when the learner enters the Industry.
Dr. Rajendra Patil suggested offering some Audit courses that may include topics like Cyber Awareness drive, Cleanliness Drive, etc.
