6. Dr. Sheetal Chitre Thakur highlighted the fact that now the courses under the board are being offered to learners from larger number of programmes. These programmes are quite diverse in multiple aspects. This necessitates that the teaching and evaluation of the course be customized to the need of individual programmes, keeping in mind the available resources to offer the course. Teacher Student ratio remains a key factor in offering of the course.
7. The Board agreed on ensuring greater flexibility (within the broad framework) in the teaching and evaluation, at the disposal of course facilitators.
8. Ms. Rekha Margam suggested in including film reviews for assessment. The chairperson appreciated the suggestion and briefed that the students are given the choices in selecting their assignment modes and the larger basket includes film reviews.
9. Dr. Virendra Nagarale and Dr. Satish Kulkarni appreciated the diversity in the field projects/assignment. They also emphasized on the need of experimentation in the teaching methods to get the best learning output.
10. The chairperson informed the board that under NEP, 2020 the board can design courses under the general elective basket. The feasibility of which will be studied and the board may consider introducing new course in the next BOS. The Board was receptive of the idea.
11. The chairperson thanked all the members for their valuable inputs and efforts for shaping the curriculum.
12. There being no other agenda, the chairperson concluded the meeting with vote of thanks to all the members.
