6. Report on UGC Expert Committee visit for grant of autonomy.

Principal informed that the names of members constituting the Expert Committee for on-the-spot inspection of the college for the grant of fresh autonomous status have been received from the Joint Secretary, UGC, New Delhi. The Committee's visit is scheduled on 23rd-24th August, 2021. Accordingly, all the preparations for the members including the members' stay during their visit and transportation between the place of stay to the College are required to be made.

The benefit of the academic autonomy is that the college can frame its own academic calendar and plan in advance for conduct of examinations and declaration of results. Academic autonomy allows the faculty to revise the syllabus and introduce new courses. This will keep the students updated with the latest knowledge and technology.

Additionally, certificate courses will be offered through MCCE. These courses will be assigned credits which will reflected on the students grade cards. The College proposes to have a total of 132 credits as against 120 that are currently offered under affiliated system.

College administration will follow a pattern similar to be the University administration pattern i.e the Governing Body will be the apex body, the Academic Council, Finance and Accounts Committee and the various Boards of Studies(BOS) will be constituted as per the UGC and University norms.
