3.1) Website management

The Principal conveyed that, in accordance with the latest NAAC requirements, it is necessary to upload all academic activities on the college website. This includes syllabi, minutes of statutory bodies, feedback collected, and action taken reports etc. We are diligently working to ensure that everything is made available on the website as mandated by NAAC. Consequently, there is an ongoing process of website upgrading, led by Dr. Hiren Dand, who is overseeing website development.

Regarding the minutes of statutory meetings, the decision has been made to upload only the summaries of the meeting points. CA Vidhyadhar Joshi proposed the idea of making all student-related services, such as transcripts, bonafide certificates, scholarship related information, etc available online.

During the meeting, Mr. Ganu inquired about the progress regarding the recommendations received during the last NAAC cycle. In response, the Principal affirmed that all recommendations have been diligently addressed and implemented, with the exception of the recommendation related to infrastructure improvement.

3.2) Facilities for e-content development:

The Principal conveyed that, to elevate the quality of teaching and learning, it is imperative for our teachers to engage in recorded lectures. In light of this, management members were requested to contribute funds to support the development of e-content, which encompasses the Media Centre, Audio-Visual Centre, Lecture Capturing System (LCS), as well as mixing equipment and editing software. Additionally, the principal mentioned that the college has submitted a request for a grant in the PM-USHA proposal to further support these initiatives.

Mr. Bansi Dhurandhar recommended identifying a benchmark in recorded lectures and adopting it as a guideline for our teachers. Mr. Nikhil agreed to investigate the standards employed by the Mumbai University IDOL section in their recorded lectures, with the intention of establishing a benchmark for our institution.

3.3) Alumni Engagement

Dr. Anuradha Ganesh apprised the members that Criterion 3 includes a question pertaining to the significant contribution of alumni to the institution's development through financial and other support services. To meet this requirement, it was unanimously decided to establish an Association of Persons to open a dedicated bank account for collecting funds from alumni. Various activities will be organized to extend invitations to alumni, encouraging their financial contributions.

Mr. Bansi Dhurandhar proposed the idea of registering final-year graduates during their graduation ceremony with a nominal fee, which could be considered as the financial contribution of alumni. The idea was appreciated and accepted by all.

i) Soft Skills training Program for Campus placements-

The Principal Dr. Sonali Pednekar informed the members that previously, companies participating in campus placements had raised concerns about the soft skills weaknesses of our students. To tackle this issue, we initiated a comprehensive training program to prepare students for successful job interviews. Following the implementation of this initiative, we have observed a positive response from companies. The initial focus has been on undergraduate students, and in the near future, we plan to extend this training to postgraduate students as well.

With no further business to discuss, the meeting concluded, and Dr. Arjun Lakhe extended a vote of thanks.
